COMMITTEE CIRCULARS.

[The Justin Winsor prize. Committee: Charles M. Andrews (chairman), Bryn Mawr College; Edward P. Cheyney, University of Pennsylvania; Roger Foster, New York; Williston Walker, Yale University; Charles H. Hull, Cornell University.]

The Justin Winsor prize of $100, offered by the American Historical Association for the encouragement of historical research, will be awarded for the year 1905 to the best unpublished monograph in the field of American history that shall be submitted to the committee of award on or before October 1, 1905.

I. The prize is intended for writers who have not yet published any considerable work or obtained an established reputation.

II. The monograph must be based upon independent and original investigation in American history, by which is meant the history of any of the British colonies in America to 1776, of other portions of the continent which have since been included in the territory of the United States, and of the United States. It may deal with any aspect of that history—social, political, constitutional, religious, economic, ethnological, military, or biographical, though in the last three instances a treatment exclusively ethnological, military, or biographical would be unfavorably received.

III. The monograph must present subject-matter of more than personal or local interest, and must, as regards its conclusions, be a distinct contribution to knowledge. Its statements must be accurate, and the author in his treatment of the facts collected must show originality and power of interpretation.
