Development of Western Civilization Series

*Narrative Essays in the History of Our Tradition from
Its Origins in Ancient Israel and Greece to the Present*

EDITED BY EDWARD WHITING FOX

PROFESSOR OF MODERN EUROPEAN HISTORY, CORNELL UNIVERSITY

The Ancient Greeks

By MORTON SMITH, Associate Professor of History
Columbia University

FOR this brief introductory history of Greece and the Greek world, definitive Roman triumph in 190, the author has selected those of most importance to the modern reader—notably, the philosophic, literary, scientific, constitutional, and social peculiarities. Economic and social history is presented principally as the basis and background for achievements. 156 pages, maps, paper.

Heirs of the Roman Empire

By RICHARD E. SULLIVAN, Associate Professor of History
Michigan State University

THIS interpretive essay presents a general picture of the nature of the Middle Ages, showing how, between c. 600 and 1000, three new entities—Western European, Byzantine, and Moslem—emerged to replace the unity of the Roman Empire. The author discusses the extent to which each was built upon the classical heritage, yet how each produced new institutions, and attitudes of great consequence. 189 pages, paper.

Ancient Israel REVISED EDUCATIONAL EDITION

By HARRY M. ORLINSKY

Hebrew Union College—Jewish Institute of Religion

THIS edition brings up to date a book first published in 1954—well organized, simply written account of the society that produced the Bible, presented in the light of recent archaeological discoveries that have increased our understanding of the ancient Near East. 176 pages, maps, paper.

HEADQUARTERS: The Statler-Hilton Hotel, at Seventh Avenue and 33rd Street, opposite Pennsylvania Station and accessible from it and the 7th Ave. IRT subway station by underground passage. Fifteen hundred rooms have been set aside at the following special flat rates: singles, \$8.00; doubles, \$12.00; twins, \$15.00. Members should use the enclosed reservation card or mention the AHA, and reserve long in advance.

Other hotels in the Pennsylvania Station zone, all less than two blocks from Headquarters, include the following: Governor Clinton (Seventh Ave. and 31st St.)—special AHA rates for singles \$6.50, doubles and twins \$11.00; New Yorker (Eighth Ave. and 34th St.)—singles \$8.00-14.50, doubles \$11.50-18.00, twins \$15.50-21.00, suites \$35.00; Sheraton-Atlantic (Broadway at 34th St.)—singles \$8.50-14.00, doubles \$12.00-17.00, twins \$14.00-18.00, suites \$13.00-38.00. All rates are on a per day basis and are subject to a 5% New York City Occupancy Tax.

REGISTRATION: The registration desk will be on the south side of the Mezzanine Floor, directly across from the elevators. It will be open on Tuesday, December 27, from 4 until 10 p.m.; on Wednesday, December 28, from 8:00 a.m. until 6:00 p.m.; on Thursday, December 29, from 9:00 a.m. until 5:00 p.m.; and on Friday, December 30, from 9:00 a.m. until 12:30 p.m. The registration fee is \$1.50. The registration badge for admittance to sessions and all tickets for luncheons and dinners listed in this program may be obtained at the registration desk.

There will be no advance registration. Members are asked to fill out in advance the enclosed registration form and present it with proper fees at the registration desk immediately upon arrival.

LUNCHEONS AND DINNERS: All luncheons are priced at \$4.75, all dinners at \$7.00, including taxes and gratuities. Tickets desired should be indicated on the enclosed registration form, to be presented at the time of registration.

There will be no advance sale. Checks will be accepted if made out to the American Historical Association for the exact total of registration and meals; no refunds can be made.

LOCATOR FILE: Names of registered members in attendance and their local addresses while at the meeting will be available at the locator file near the registration desk.

JOB REGISTER: At the meeting the services of the Job Register will be available. Candidates for positions may register or reregister, and departmental representatives seeking staff members may make inquiries. The Association will assist in arranging interviews. Departmental representatives will facilitate arrangements by informing Association headquarters of their needs before the meeting, and each candidate should inform the Job Register of his presence and address as soon as he arrives in New York.

GROUP MEETINGS AND REUNIONS: Some historical societies and groups have arranged special sessions which cannot be listed in the general program. Mimeographed announcements concerning them will be available at the Information Desk when these are supplied to the Local Arrangements Committee Chairman. Information concerning group reunions such as smokers and breakfasts will be posted on the bulletin board at the Information Desk. All groups desiring to hold such meetings or reunions should arrange for them directly with the Convention Bureau of the Hotel, sending a copy of correspondence to the Local Arrangements Committee Chairman.

SPECIAL EVENTS: The New York Convention and Visitors Bureau will provide a supply of "Calendar of Events" in the city and of New York City guides, which will be available at the Information Desk.

America in the Twentieth Century

By FRANK FREIDEL, *Harvard University*

Professor Freidel draws upon many years of original research in this interpretation of America's contemporary history, an interpretation characterized by freshness of approach, and depth of insight. Here is a clear, delightfully readable survey of the historical forces which have shaped, and continue to shape, the United States internally and in its relationship to the rest of the world. "It is admirably judicious in its handling of controversial questions and it is a valuable guide through the complexities of our foreign relations."—George W. Adams, *Southern Illinois University*. 725 pp. Illus. \$6.75.

A History of the American People

Second, Revised Edition

Volume I: To 1877, Volume II: Since 1865

By HARRY J. CARMAN, HAROLD C. SYRETT, and
BERNARD WISHY, *Columbia University*

Primarily a political history, this challenging and distinguished text has been thoroughly revised to incorporate the most recent scholarship, much fresh material, and many new maps and photographs. Richard M. Brown of *Harvard University* said of Volume I, published in May of this year, "It is high praise to say that Carman, Syrett, and Wishy surpasses the first edition. Solid, complete, interesting, and single columned, it is an excellent text for the introductory American history course." Volume I, 875 pp. Illus. Volume II, 857 pp. Illus. \$7.25 per volume.

EMPIRE FOR LIBERTY

The Genesis and Growth of the United States of America

BY DUMAS MALONE
AND BASIL RAUCH

This new two volume set presents a fresh survey history of the United States from the discovery of America to 1960. The work aims to give students a many-dimensional view of U. S. history by integrating the political, economic, diplomatic, social, intellectual, and religious facets of our growth and development. Special attention is given to U. S. foreign relations, the Civil War and the history of the South, and to biographies of persons who played leading roles in shaping the course of American history. The underlying theme of both volumes is the American attempt to acquire, maintain, and expand liberty. Both volumes are profusely illustrated with maps, charts, and color photos. 1843 pp., 2 volumes

THE LATIN AMERICAN REPUBLICS

A HISTORY

THIRD EDITION

BY DANA G. MUNRO

Every chapter of this well-known text has been revised in the Third Edition in order to incorporate new material and to bring the book up-to-date. As in the previous editions, the main emphasis is on the development of Latin American social and political institutions. The treatment of their development has been revised and expanded to help the student understand the efforts the Latin Americans have made to achieve democratic government, the social and economic situations now confronting them, and the problems currently facing the United States in its relations with Latin America. Each republic is given individual coverage, yet regional problems are clearly indicated and discussed. Numerous maps and a full, critical bibliography of recent studies of Latin America are included as teaching aids.

THE CONFEDERACY

By Charles P. Roland. This moving narrative of the South's struggle for nationhood traces its trials from birth through maturity and death. \$3.95

THE AMERICAN SUPREME COURT

By Robert G. McCloskey. This concise and lucid history documents the active role the Supreme Court has always played in the American political processes. The Court is shown as a flexible instrument of government, responsive to the facts of politics, and readjusting to the change of circumstance. \$5.00

RECORDING AMERICA'S PAST

An Interpretation of the Development of Historical
Studies in America, 1607-1884

By David D. Van Tassel. From Colonial times to the late nineteenth century, historical studies were carried on in America largely by local and regional amateur historians. Here is the full story of these pioneer historians, their societies, and how the kinds of historical activity they pursued shaped the course of historiography in the United States. 232 pages, 1960. \$6.00

LEWIS HENRY MORGAN

American Scholar

By Carl Resek. Lewis Henry Morgan's youthful interest in the Iroquois Indians developed into a lifelong passion that brought him international fame. Here is a long-needed biography of a man whose life and thought are not only synonymous with the beginnings of American anthropology but a valuable index to the intellectual climate of his day. 184 pages, illus. 1960. \$4.50

THE SOVIET SYSTEM OF GOVERNMENT

Revised Edition

By John N. Hazard. Since the first publication of this book in 1957, radical reforms have influenced the power structure and altered the character of the Soviet government. Describing and assessing these changes, the author presents a thoroughly up-to-date, comprehensive survey of the Soviet governmental system for students, teachers, and those interested in foreign affairs. 272 pages. 1957. Revised 1960. \$4.00

ANDREW JOHNSON AND RECONSTRUCTION

By Eric L. McKittrick. Challenges the conventional picture of Johnson as a misunderstood statesman and reveals instead a small-minded, vindictive man whose intractability destroyed the many possibilities of compromise between President and Congress. "This book is a contribution of prime importance to the reviving study of the Reconstruction period."—C. VANN WOODWARD, *N. Y. Times Book Review* 560 pages. 1960. \$8.50

THE SECOND EDITION OF

THE AMERICAN PAGEANT

BY THOMAS A. BAILEY
STANFORD UNIVERSITY

The new edition of this most popular one-volume history of the United States contains a narrative and assessment of the crowded five years since the original publication of the book. In addition, significant publications particularly adapted to collateral reading have been added to the revised bibliographies at the end of chapters throughout the book.

The success of *The American Pageant* rests on its achievement of interesting college students and inspiring them to self-education by further reading. The author does not compromise, and his judgment of men and events is shrewdly balanced, so that the reader is left with a lively and mature curiosity.

The American Pageant Quiz Book, available to instructors, contains multiple choice and essay questions in ample quantity for each chapter of the text. The *Quiz Book* is also available in a Second Edition.

THE SERVICE CENTER FOR TEACHERS OF HISTORY

Bridging the Gap between Research Scholars and Classroom Teachers

Do your students know these materials?

A series of pamphlets on selected historical topics appropriate to the history courses most widely offered in schools.

Some recent titles:*

Five Images of Germany: Half a Century of American Views on German History, by Henry Cord Meyer

Great Britain in the Twentieth Century, by Henry R. Winkler

Nineteenth-Century Europe—Crisis and Contribution,
by Eugene N. Anderson

American Intervention: 1917 and 1941, by Ernest R. May

United States History: A Bridge to the World of Ideas,
by W. Burlie Brown

Prompted by an awareness of the fact that many secondary-school teachers have neither the time nor the opportunity to read widely in the monographic literature, these pamphlets are specifically designed to make available to the classroom instructor review, summary, and analysis of significant contributions in recent writing and pertinent trends in historical study.

1960 McGRAW-HILL Texts in U. S. History

THE UNITED STATES: A History of Democracy, New Second Edition.

By Wesley Gewehr, Donald C. Gordon, David S. Sparks, and Roland N. Stromberg, all at the University of Maryland.
713 pages, \$7.50.

The revised second edition of a widely acclaimed one-volume American history text. Of the first edition, *International Affairs*, commented in 1958: "... one of the best textbook histories of the United States to come on the market. Indeed one wonders why more such works are not undertaken on the same broad cooperative basis . . . this would provide an ideal introduction to American History."

READINGS AND STUDY GUIDE IN AMERICAN HISTORY

Edited and prepared by Roland Stromberg; with the assistance of Gewehr, Gordon and Sparks. 218 pages, \$2.95.

Specifically prepared companion volume to THE UNITED STATES: A History of Democracy.

THE UNITED STATES IN ITS WORLD RELATIONS

By Nelson M. Blake and Oscar T. Barck, Syracuse University.
840 pages, \$7.95.

A new diplomatic history of the United States tracing the historical roots and antecedents of American foreign policy from the revolution to today. The essential facts and trends are brought to focus on the complex issues involved in America's present global responsibilities.

We're Making History!

GONE ARE THE DAYS: Harnett T. Kane.

A magnificent chronicle of the Old South illustrated with over 500 old paintings, photos, drawings and maps. Beginning with the days of the Spanish adventures in Florida and carrying through to Appomattox, including social and cultural history as glimpsed through such diverse aspects of Southern life as dueling, racing, life at the spas and great balls. To Dec. 25: \$10.00; thereafter: \$12.50

FIELDS OF GLORY: William H. Nelson and Frank E. Vandiver.

Lavish illustrations (over 300 pictures; 16 battle maps), painstaking research and exciting narrative combine to capture the full history of American land warfare. A truly unique contribution to the literature of military history, the action is initiated with King Philip's War and culminates with the Korean conflict. To Dec. 25: \$7.95; thereafter: \$10.00

A PICTORIAL HISTORY OF TEXAS: Herbert and Virginia Gambrell.

From its earliest beginnings through the founding of its great oil and cattle empires, the story of Texas is told here in illuminating text and strikingly handsome illustrations. All the richness, excitement and variety of Texas' history and people could not be more vividly or authoritatively presented. \$7.50

THE GREAT ADVENTURE: Pierce G. Fredericks.

Emphasizing American personalities of the time, and filled with memorable anecdotes, this is the first comprehensive history ever written of Americans in the First World War. Among the points covered are how the army was trained, the war's social significance, its vast effects around the world and on the homefront. Illus. with photos., drawings, maps. \$4.75

A Distinguished New Biography

CHANCELLOR ROBERT R. LIVINGSTON OF NEW YORK, 1746-1813

by George Dangerfield

The definitive biography of an aristocrat of the American Revolution — owner of vast estates, jurist, diplomat, agriculturist and statesman, who attempted to reconcile an aversion to popular politics with a desire to support the cause of the Revolution. George Dangerfield is the author of *The Era of Good Feeling*, which won both the Pulitzer Prize in History and the Bancroft Prize in 1953. "A masterly analysis — scholarly, balanced, fair-minded, and very readable . . . a single contribution to the history of the early American nation."

FINE HISTORY TEXTS

The Outstanding One-Volume Russian History—

RUSSIA: A HISTORY

Fourth Edition

Sidney Harcave, *Harpur College*

- Greatly expanded treatment of early Russia giving better over-all balance to the text. Several chapters rewritten to give improved coverage to developments from pre-tsarist times to the period of Peter the Great, including more detailed accounts of the Mongol Conquest and other important events.
- Accurate and detailed account of the rulers of ancient Russia—their lives, times, and influence.
- Up-to-date material on the modern period discussing Khrushchev and other recent developments within the Soviet Union.
- Four-color map insert.

The new 1960 Edition—

READINGS IN WESTERN CIVILIZATION

Third Edition

George H. Knoles and Rixford K. Snyder, *Stanford University*

- The new edition features: Fifteen new selections • A section of new illustrations • Better translations • Revised introductions • Improved organization
- Drawn from the rich heritage of material in the fields of religion, science, literature, and the arts (among others), these readings serve to illuminate the development of Western culture and to stimulate discussion of the ideas and issues that have dominated various periods in Western history from ancient to modern times. The selections are long (28 of them are complete works), in an original or translated form, and generally arranged in chronological order. The introductory notes give background and biographical information, point up key ideas, and offer directions for getting the most out of the readings.

Newly Revised—

AMERICAN ISSUES: The Social Record

Fourth Edition

Merle Curti, *University of Wisconsin*

Willard Thorp, *Princeton University*

Carlos Baker, *Princeton University*

- A brilliant anthology chronicling America's social and political development against its historical backdrop.
- New readings added to bring sections on twentieth century up to date.
- Introductions throughout revised and brought up to date.
- New bibliography.

Lectures on Revivals of Religion. By Charles Grandison Finney. Invaluable as sociological and theological history, this is also a practical handbook by an active and successful revivalist whose instruction guided American ministers for more than a century. Originally published in 1835.

Edited by William G. McLoughlin

\$5.95

Hospital Sketches. By Louisa May Alcott. The noted novelist's first-hand account of life in a Civil War hospital, where she served as a volunteer in 1862. To its success she owed her first fame as a writer. Originally published in 1863.

Edited by Bessie Z. Jones

\$3.00

The Damnation of Theron Ware. By Harold Frederic. A masterly work of fiction which is also an illuminating literary document of the period when the literary tide was turning from romanticism to realism. Originally published in 1896.

Edited by Everett Carter

\$1.50

Journey to Pennsylvania. By Gottlieb Mittelberger. This genuinely moving report recaptures a dark passage in America's history: the Colonial period of German immigration, when false promises and extravagant reports lured impoverished peasants into brutal indentured servitude. Originally published about 1756.

Edited and translated by Oscar Handlin and John Clive

\$3.00

The Art-Idea. By James Jackson Jarves. The personal theories of a pioneering, largely forgotten taste-maker, whose outspoken criticism did much to alter American preferences and ideas in his own time. Originally published in 1864.

Lincoln's Manager, David Davis

By Willard L. King. Foreword by Allan Nevins. This first biography of the man credited with securing Lincoln's nomination for the Presidency in 1860 sheds new light on Lincoln's entire political career and the gradual development of his views on slavery. Illustrations include facsimiles of two unpublished Lincoln letters. \$6.75

Legacy of Suppression

By Leonard W. Levy. An examination of the original meaning of the First Amendment's provision for freedom of speech and press, and of the intellectual climate that influenced its inclusion in our Constitution. A BELKNAP PRESS BOOK \$6.50

The Conscience of the Revolution

COMMUNIST OPPOSITION IN SOVIET RUSSIA

By Robert Vincent Daniels. An incisive analysis of how Communism developed in the crucial formative years between 1917 and 1929, focusing on the clash between leaders guided by an interest in practical power and those who clung to theory and program. A RUSSIAN RESEARCH CENTER STUDY \$10.00

Foch versus Clemenceau

By Jere Clemens King. A vivid account of internal conflict in France, and the diplomatic maneuvers of her allies and Germany during the Versailles Conference. \$4.00

"The case of the Revisionists deserves to be heard. . . . They may help us to avoid the 'one more war' after which there would be nothing left worth arguing about." Professor D. F. Fleming, in *The Nation*.

SELECT BIBLIOGRAPHY OF REVISIONIST BOOKS

Dealing with The Two World Wars and Their Aftermath

"With the publication in 1948 of his [Charles A. Beard's] *President Roosevelt and the Coming of the War*, revisionism reached the status of a mature historical interpretation of events that no serious student of prewar policy could ignore."

Dr. Louis Morton (Chief of the Pacific Section of the United States Army Office of Military History), in "Pearl Harbor in Perspective: A Bibliographical Survey," *U. S. Naval Institute Proceedings* (April, 1955), pp. 461-465.

Although this is a modest list of books limited to the outstanding volumes on the subject which have been published in English, it will prove an "eye-opener" to most teachers and students of history.

Few of the important revisionist books dealing with the causes, merits and results of the second World War have been reviewed in historical journals or the book review sections of leading newspapers and periodicals. When they have been reviewed, their nature and contents have rarely been fairly stated and appraised.

It has almost universally been taken for granted that, however important revisionist research and publication may have been in setting the record straight in regard to the first World War, there is no revisionist issue or problem relative to the second World War.

The facts already well established demonstrate, however, that the revisionist correction of wartime illusions and prejudices relative to the second World War is far more drastic and revolutionary than the import of the revisionist publications which appeared between 1920 and 1935. The books cited in this Bibliography will enable historians who seek the truth to undertake this novel and exciting intellectual adventure in a realistic and informed manner.

The majority of the books listed in this Bibliography deal with the second World War. In the light of the fact that there has been a recent effort on the part of some writers and publishers to discredit the revisionism of 1920-1935 and return to the myths and propaganda of 1914-1919, the Bibliography leads off with an ample selection of the chief books which, in an earlier generation, set forth the assured facts on the events that followed June, 1914.

Outstanding RONALD Books

CHINA, JAPAN, AND THE POWERS

MERIBETH E. CAMERON, Mount Holyoke College
THOMAS H. D. MAHONEY, Massachusetts Institute of Technology
GEORGE E. McREYNOLDS, University of Connecticut

Second Edition of this widely used textbook provides a balanced introduction to the history of the major Far Eastern peoples. Concentrating on the events of the past two centuries, it traces the relations of the West with China, Japan, and Korea from first contacts to the rise of Communist China and the spectacular revival of postwar

Japan. Book offers a brief but illuminating account of the older cultural traditions of China and Japan; discusses the impact of the West on Eastern Asia and the resulting revolutionary ferment. "Excellent."—E. B. Smith, Iowa State University. 2nd Ed., 1960. 714 pp., 15 maps. \$8.00

JAPAN'S MODERN CENTURY

HUGH BORTON, President, Haverford College

An interpretive account of Japan's 100-year era of modernization and westernization. Drawing on Japanese and western sources and the author's own experience in helping to shape postwar Japanese policy, book traces the complex course of Japan's phenomenal transformation. It reinterprets

fundamental questions in Japanese history and poses the political, economic, and social problems facing her today. "Lucid . . . covers the field with remarkable thoroughness."—PACIFIC AFFAIRS. 1955. 524 pp.; 44 ill., maps, tables. \$7.50

IN THE SHADOW OF RUSSIA

Eastern Europe in the Postwar World

NICHOLAS HALASZ

This penetrating and informative book offers a fresh perspective on the Cold War and its effects on Russia's satellites in Eastern Europe. It describes the outburst of national fervor and the concern for social justice after 1945, the gradual expansion of Communist control, the impact and mean-

ing of Titoism, and the present attempts of these countries to assert their national individualities. "The reader comes away with a better understanding of the diversity that is Eastern Europe."—CURRENT HISTORY. 1959. 388 pp. \$5.00

CHALLENGE IN THE MIDDLE EAST

Communist Influence and American Policy

HARRY B. ELLIS, Middle East Correspondent,
Christian Science Monitor

Just Published! An informed and candid study of Arab attitudes toward communist ideology and Soviet goods. Book outlines methods for protecting American interests in the Middle East and discusses the many problems and explosive pressures building

up throughout the Arab world. The regimes of President Nasser and Premier Kassem are given special attention. By the author of *Israel and the Middle East* and *Heritage of the Desert*. 224 pp. \$4.00

Sources of the American Republic

A Documentary History of Politics, Society, and Thought

Marvin Meyers, University of Chicago

Alexander Kern, State University of Iowa

John Cawelti, University of Chicago

This fresh and stimulating text will add a new dimension to your survey course. Demonstrably more than just another collection of parallel readings, it is a careful combination of documents, other primary source materials, and interpretations by contemporary historians. Artfully arranging both the raw materials of history and divergent analyses of these materials, the editors have also provided superb pedagogical equipment. The introductions are concise and informative, and tell neither too much nor too little. Here is what one prepublication critic had to say:

"It is my feeling that this will be one of the most thoughtfully chosen, carefully knit together, and most meaningful set of documents that has been published for the use of the college teacher and student." Dr. Chase C. Mooney, Department of History, Indiana University.
